Practice Management Software
From scheduling to billing, you'll have the tools you need to run your practice and get paid faster. Enterprise features and customization options increase productivity and simplify everyday tasks.

ONC-Certified EHR
UnifiMD is easy to learn and easy to use! The power is in its simplicity. Every screen is personalized to meet the users workflow, driving better healthcare and less stress in the office.

Patient Engagement
Secure messaging, email and text enables providers to improve patient adherence and enhances patient care.

E-Faxing
Send, receive, edit & sign every fax. Start saving on paper, toner and time. No equipment to buy, upgrade or maintain. Easily forward faxes to specific staff or departments and e-file by patient.

Medication Management, E-Prescribing and EPCS
Includes legend drug e-prescribing and decision support, and an EPCS module for electronic prescribing of controlled substances to create a seamless, single workflow for all prescribing needs.

Lab Results
Receive electronic lab results from Quest Diagnostics™ and LabCorp™. Review, take action and file labs all from one screen.
